Director of Training

1 July 1960

THRU : Registrar/OTR

Educational Specialist/OTR

**Change of Name of Instructional
Techniques Course**

1. It is recommended that the Instructional Techniques Course be renamed "Instructor Training Course".
2. As presently constituted and offered it appears that the new name would be more appropriate and inclusive and, in fact, might appeal to a wider group of potential clients. The word "Techniques" implies methods or details of procedures and, as such, is limiting in scope. Whereas, "Instructor Training" implies broader training capabilities which includes methods or techniques of instruction.
3. If approved, suggest that appropriate notice be made in pertinent OTR publications.
